Dec 19, 2010 - I've used this trainer a couple times myself, and I've found it to be incredibly accurate. If you don't mind a little of the old trainer style, this will work very well for you. There's not alot of options, like additional don't move head or something like that, but it does work and it's a fairly good trainer. Overall, this trainer will do a good job for you. Oct 1, 2016 - I have used this trainer before and I highly recommend it. This trainer is compatible with both x64 and x86 operating systems. You will need the trainer, the game, and a blank disk to perform the training process. Aug 15, 2016 - I have used this trainer a few times. I found that the game trained fine on its own, but the trainer helped me make myself a better player through the game. The model skins are very accurate, as they look almost exactly like the real-life models. This trainer will definitely help you progress through the game for no cost, with no fear of accidentally buying resources that are costly in-game. Oct 16, 2016 - Trainer works well, and I have made a few of my small steps to the next level. The multi-language option is nice if you intend to play in other territories besides United States
